

Prism Consulting Services Inc.

Manish Kothari, President & CEO

What inspired you to own your own business? I always wanted to do something that would make a difference in my life and for my family. I was confident I could do something on my own and bring that personal touch to my customers, keep them happy and make money.

The biggest challenge you have faced: Starting as a single person with zero clients and minimum investment. Faith in God, hard work, honesty and moral support from family helped me overcome those obstacles easily.

What is next for your company? As unique and interesting products or services come along, we shall jump on those opportunities.

What do you do for fun? Play with my kids, go for a swim, read business magazines and fiction books and socialize. I am actively involved with the IndoUS Chamber of Commerce and the Hindu temple.
